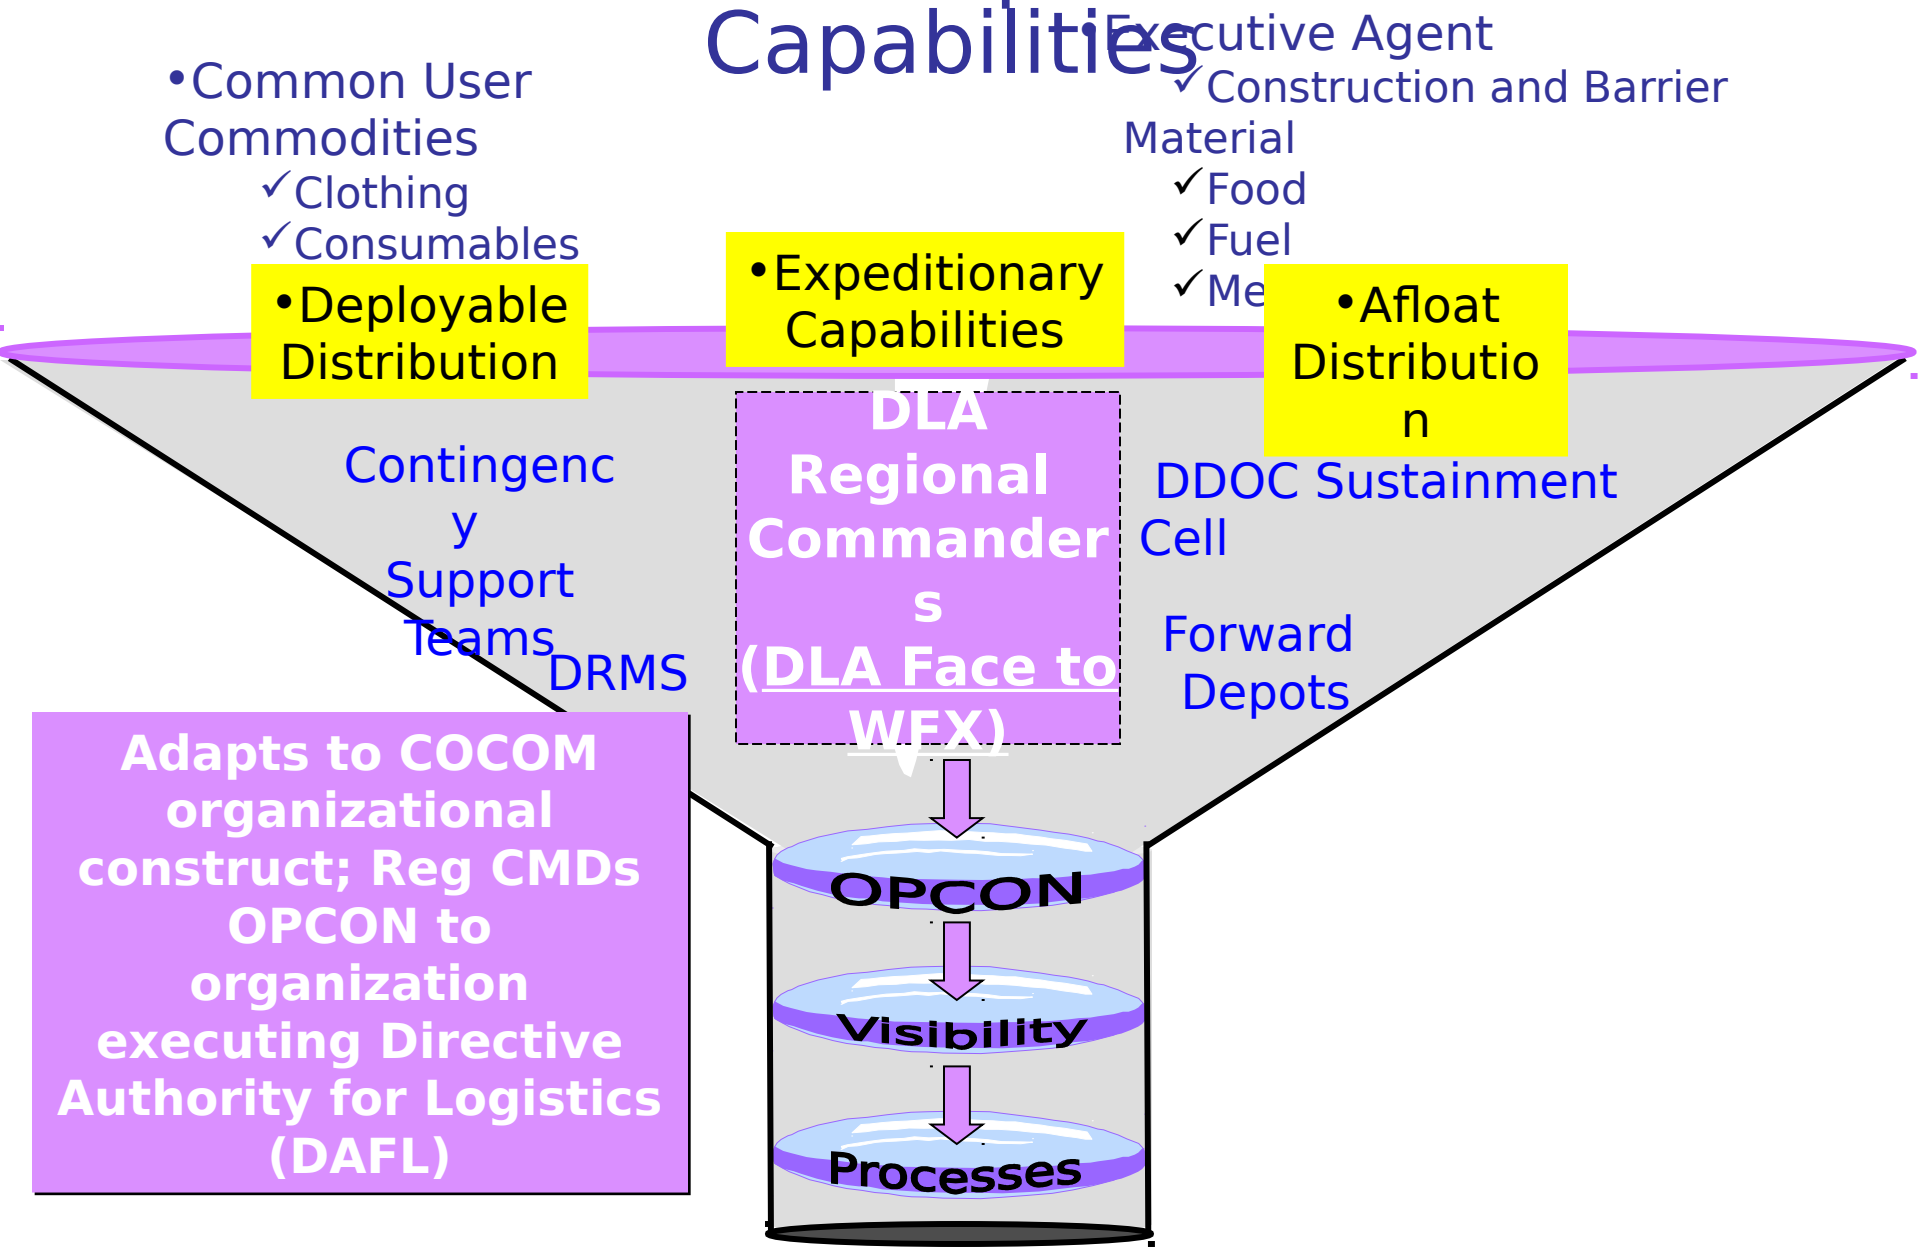
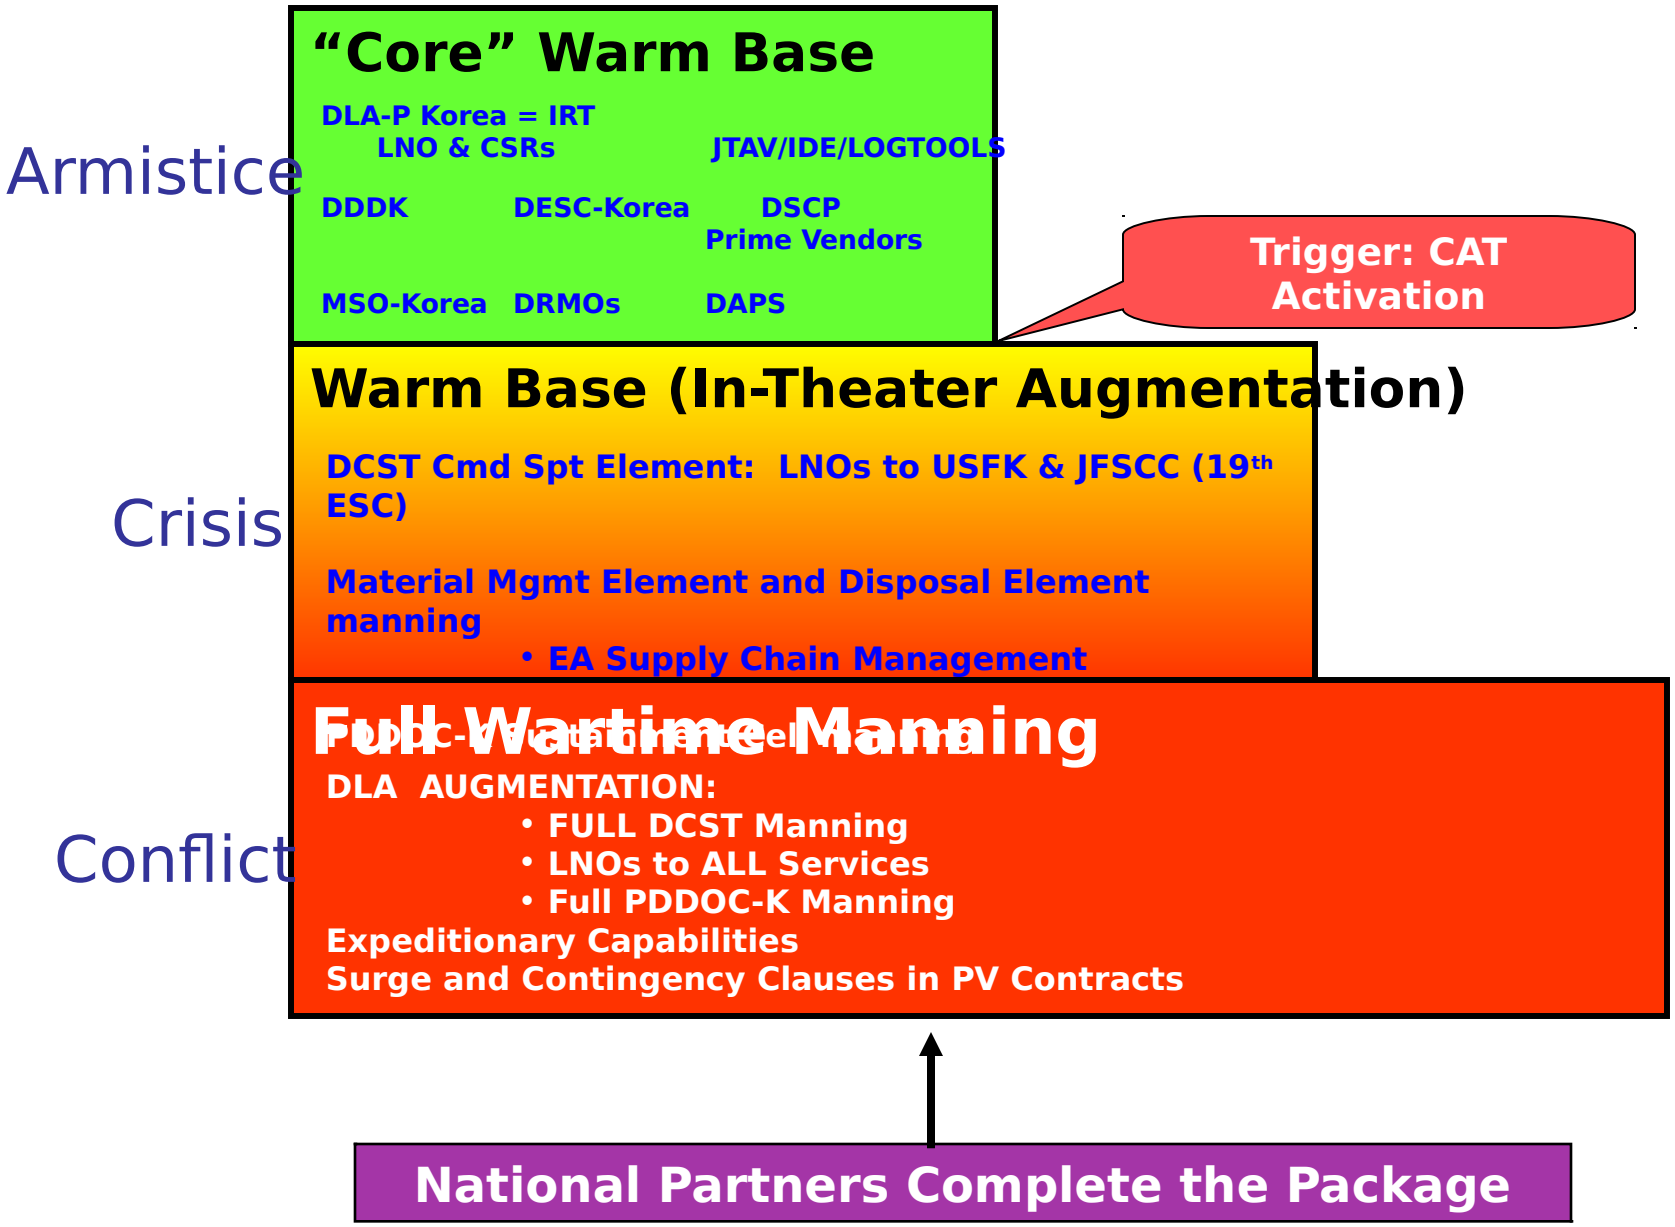
DLA Core Competencies & Capabilities



DLA Support to KTO: Incremental Build



DLA-P Korea Contingency Operations

- DLA-P Korea becomes DCST and provides:
  - Material Management (for DLA Commodities)
  - Disposal Management
  - Fuel Support Functions
- DCST is staffed by:
  - DLA Commodity Management Specialists (from DSCP, DSCC, DSCR) who work issues throughout their respective supply chains
  - Disposal Specialists (from DSCR) who work disposal, retrograde, and hazmat issues in the KTO
  - Distribution Specialists (from DDC) who work individual expedite actions for KTO customers

DLA-P Korea Contingency Operations

- DCST provides C2 of DLA Field Activities in KTO:
  - DDDK, MSO-K, DRMO (2 ea), DAPS (5 ea), DESC-Korea
- DESC-Korea reports directly to Sub Area Petroleum Office - Korea (SAPO-K)
  - SAPO-K is dual-hatted as POL Mgmt Div Chief and U.S. Co-Chair of Combined Petroleum Support Center (CPSC)

PDDOC-K

- DLA LNO to USFK becomes PDDOC-K Sustainment Cell Chief
- Sustainment Division is staffed by DLA distribution specialists (from DDC)
- Sustainment Division tracks and manages sustainment flow into theater
- Rules of Engagement in KTO between PDDOC-K and DCST:
  - Movement Issues = PDDOC-K
  - Material Availability Issues = DCST

DLA Connection to JFSCC

- Executive Agency
  - EA for Medical Material (Med Log Center)
  - EA for Bulk Petroleum (POL Mgmt Div)
  - EA for Subsistence (Common Supply Mgmt Div)
  - EA for Construction and Barrier Material (Common Supply Mgmt Div)
- LNOs
  - LNO in J3/4 Joint Theater Log Fusion Center reports to DLA-P Korea Plans / Ops Center
  - LNO in Sustainment and Services Directorate reports to DCST Material Management Element
  - LNO in POL Management Division reports to DESC-Korea
